

SAVE THE DATE

Dabrowa Gornicza, Poland, 24th -25th May 2017

National Cluster Association – CZ invites you,
in the name of all project partners, to the education workshop

“V4Clusters Go International - Theory meets Practice“

The education workshop will focus on the internationalisation of clusters, their members and partners. The promoters of the project, the National Cluster Association (NCA) together with the project partners will share their rich experience in the field of internationalisation. The education workshop will present not just theoretical framework for successful internationalisation but also practical examples. Several case studies will be presented by experienced cluster managers.

More information will be available soon.

We look forward to meeting you.
